

WINNER:

Best Pediatric Dentistry/Children's Dentistry

Caring Tree Children's Dentistry builds trust and comfort

Caring Tree Children's Dentistry opened in April 2018 in Lincoln.

The Caring Tree Team only treats youth and does regular cleanings and exams. Nitrous as well as sedation options are offered.

Caring Tree Children's Dentistry also offers movies, fillings, stickers, crowns, balloons, tooth wiggles and smiles.

The patients are incredibly comfortable with Dr. K (Michelle Kucera) and her

team and therefore parents trust us, according to staff.

Dr. K purchased her first practice in Grass Valley in 2012 before opening the Lincoln practice.

Caring Tree Children's Dentistry staff recognizes that comfort and trust can't be rushed, so they take the time to build that trust and comfort.

Many kids run into the office and need to be convinced to leave, according to staff.

Caring Tree Children's

Dentistry is at 150 Gateway Drive, Suite 110, Lincoln.
